Rapid River Knifeworks hand-makes beautiful, custom knives for the outdoorsman. Our trustworthy staff is very talented and dedicated to creating the best hunting knife on the market. Whether you use it as a hunting knife, fishing knife, or just display it on your mantle, our custom knives are built to be passed from generation to generation.
THE AMERICAN DREAM SOME MIGHT SAY IT NO LONGER EXISTS. WE
AT RAPID RIVER KNIFEWORKS BELIEVE IT DOES AND THAT OUR
COMPANY IS A SHINING EXAMPLE THAT THE DREAM IS ALIVE AND
WELL. MODESTLY BORN IN 2002, RAPID RIVER KNIFEWORKS BEGAN
IN A SMALL BARN WORKSHOP. THE BUSINESS MODEL WAS SIMPLE YET
POWERFUL. OUR VISION WAS TO CONTINUE THE GREAT CENTURIES
OLD TRADITION OF BUILDING QUALITY KNIVES AND AXES IN DELTA
COUNTY, MICHIGAN. OUR PRODUCTS WOULD BE HANDMADE USING
ONLY AMERICAN STEEL AND WOULD CARRY A LIFETIME WARRANTY.
THE RESPONSE WAS OVERWHELMING AND SO POSITIVE THAT IT FUELED
OUR DESIRE TO GROW AND EXPAND OUR PRODUCT LINE WITH A
GREATER VARIETY OF HIGH QUALITY KNIVES AND AXES. TODAY, RAPD
OVER 400 RETAILERS AND NOW WORLDWIDE VIA OUR NEW INTERNET
STORE. OUR COMBINATION OF AMERICAN STEEL AND A WIDE VARIETY
OF BLADE STYLES AND HANDLE MATERIAL HAS PROVED POPULAR WITH
SPORTSMEN AND OWNERS, FARMERS, FORESTERS, CONSTRUCTION
WORKERS AND COLLECTORS FROM SEA TO SHAWN SEA. EACH ONE IS
ANNUALLY PRODUCED AND FULLY WARRANTED AGAINST NORMAL
INDIVIDUALLY CRAFTED AND CLOSELY FURTHER TO THE NEXT. RAPID RIVER
USE FOR A LIFETIME. WE BUILD OUR PRODUCTS TO BE USE, ADMIRID
AND PASSED FROM ONE GENERATION TO THE NEXT. RAPID RIVER
KNIFEWORKS HAS BUILT A NEW TRADITION USAK AN AGE OLD
CONCEPT. DELIVER WHAT THE CUSTOMER WANTS AND BUILD IT TO
LAST! SO HAS THE AMERICAN DREAM DID WE THINK NOT. WE
SINCERELY THANK YOU FOR HELPING US PROVE IT EVERY SINGLE DAY!

Drop Point

Fixed Blade Original Drop Point

The Rapid River Knifeworks Drop Point is a great all-around camp utility knife. From field dressing an elk in the Rocky Mountains to cutting a tenderloin steak at deer camp, we are sure that you will fall in love with the Drop Point. It gets its name from a simple drop at the tip of the blade, which prevents you from cutting things not meant to cut. It is a very simple design but very functional and aesthetically pleasing. Knife comes with a high quality leather sheath & collector box.

- Blade Length: 3.75”
- Steel: A2 carbon tool steel
- RC 58-60

Skinner Original Series

The Rapid River Knifeworks Skinner has been called by many a “skinning machine”. From African cape buffalo to whitetail deer, Russian boar, and beaver, the Skinner is yet to meet its match. On a recent trip to Africa the guide was given a Rapid River Knifeworks Skinner to use on every animal harvested. The knife performed exceptionally well, skinning, boning, and fleshing 10 large animals without slowing down. The guide commented on it being “the best knife that he had ever used”. Coming from an African safari guide with over 25 years of experience, we take that as an extreme compliment. Each blade is hand ground from A-2 and heat treated to 58-60 RC, giving it tremendous edge retention. Knife comes with a high quality leather sheath & a collector box.

- Blade length: 3.75”
- Steel: A2 carbon tool steel
- RC 58-60

Called By Many A “SKINNING MACHINE”

ELK HANDLE WITH PALM SWELL

Maple/Bison with Deer Tracks

One of Our Most Popular Fixed-blade Originals!

Each Blade Is Hand Ground From A-2 And Heat Treated To 58-60 RC Giving It Tremendous Edge Retention.

FIN & FEATHER
From the snow covered fields of corn stubble in Missouri to the winding trout streams in Michigan’s Upper Peninsula. The Fin & Feather has become the knife of choice for sportsmen nation wide. The 3” blade is very manageable when cleaning waterfowl, upland game, wild turkey, and trout. Each blade is hand ground from A-2 Carbon tool steel and heat treated to RC 58-60, giving it some flexibility and tremendous edge retention.

- **Blade Length:** 3”
- **Steel:** A-2 Carbon tool steel
- **RC 58-60**

Chub 2.5:
If you are looking for a small multi-purpose knife, the Rapid River Knifeworks Chub is the knife for you. It was designed and developed due to high customer demand. It can be described as the only fixed blade pocket knife on the market today. Its small design allows the user to store it in a pack or secure it to a belt without it getting in the way. The Chub is practical for many applications, from skinning and field dressing to cutting your deer from the buck pole! Comes with high quality sheath & collector’s box!

- **Blade Length:** 2.5”
- **Steel:** A-2 Carbon tool steel
- **RC 58-60**

Redi-Axe®:
One Heavy-Duty Axe! At a mere 9.5”, our Redi-Axe® will go anywhere. The hand-ground A-2 high carbon tool steel is a full quarter-inch thick, with a full tang, making this the sharpest, most durable pack-axe you’ll ever own. The built-in knife sharpener will complement your other Rapid River knives nicely. Whether chopping wood for a campfire, or splitting the pelvis on a giant Yukon moose, our Redi-Axe will always be ready to perform. Other handle materials available upon request.

- Axe Length: 9.5”
- Steel: A-2 Carbon tool steel

Combo:
This Combo Set includes the Redi-Axe® along with the Mini-Caper skinning/caping knife! What an awesome Combo!

Double Edge Fillet
The Double Edge Fillet Knife comes with a high quality leather sheath. The Double Edge fillet blade is hand-ground from 154CM high carbon stain-resistant steel, enough carbon for great edge retention and some chromium to prevent rusting. The knife is heat treated to 56-58 RC, giving it great flexibility but still rigid enough to have good control! The back fillet blade is ground heavy like an axe, to do all of the “grunt work” such as cutting through scales and de-boning fish, so you don’t dull your thin edge. (This knife also works well as a boning knife for deer & other game!)

- Blade Length: 7.5”, Knife Length: 12 1/4
- Steel: 154 CM
- RC 58-60

Medium Trout Fillet
Medium Trout Fillet Knife, the #1 Choice for Pan-fish! High quality tube style sheath included!

- Blade Length: 6”, Knife Length: 10 1/2
- Steel: 154 CM
- RC 58-60

13 “Stiffy”
13 “Stiffy” Large Commercial/Salmon Fillet Knife. A blade for the “Big Fish”! Comes with a quality leather sheath too!
FILLET KNIFE - MEDIUM TROUT COCOBOLO WOOD HANDLE

DOUBLE EDGED FILLET

13 “STIFFY”

Use It, Abuse It, & We’ll Make It Look Like New Again, Every Time!

LIFETIME SHARPENING & POLISHING FOR FREE!

Every Rapid River Knifeworks Knife is guaranteed to be free of defects in material and workmanship for the life of the original owner. We will be happy to repair or replace any knife found to be defective.

We at Rapid River Knifeworks also offer free polishing and sharpening of your Rapid River Knifeworks Knife for as long as you own it! If you’re in our area, stop in the shop and we’ll do it while you wait. Otherwise, ship it to us at the address below (shipping and handling charges apply).

Normal wear and use are not covered under this guarantee.

Rapid River Knifeworks Knives should never be used as hammers, pry bars, screwdrivers, chisels, or for scraping to clean material such as metal or rock. However, if your knife is ever damaged due to an accident or misuse, we can evaluate the damage and repair it for a reasonable, pre-determined fee.

Knives returned for warranty repair should be sent to:

Rapid River Knifeworks, Inc.
10484 U.25 Rd / Hwy U.S. 2
Rapid River, Michigan 49878

Please enclose $8 for shipping and handling.

For further information, contact us.
